To immediately voice the demands and caparices of fashion is a very tall order, but our buying facilities and advantages of having our purchasing houses in the centre of the fashionable wo.!d, places us far in advance in the race for everything that is new, exclusive, and up-to-date. An examination of our Dress Goods and Silk stock by those of our lady customer who have not yet selected their Fall Waists and Costumes, will in no small measure help them to a decision. For beauty of colorings we have surpassed anything we have ever attempted before.
